Classroom Goals - As a Technical Theatre student, you are responsible for all the material that is given to you throughout the year. The desired goal for the class is for you to create, design, and construct by exploring all aspects of theatrical production.

Students will be expected to:

1. See one play a semester and write a one page analysis of the play
2. Extra Credit will be given to those students who choose to see additional plays. In order to receive extra credit, the student must: write a one page analysis of the play & bring me the program and/or the ticket stub for the play.

Acknowledgement of dates and expectations:

Many of the exercises done in Technical Theatre are hands on activities and, in order to receive a passing grade, it is important for your child to participate in all activities. Technical Theatre requires more enhanced Theatre skills. Your child will be expected to treat the theatrical space and the equipment with respect at all times. Due to the nature of the class, injuries can and will occur if all safety procedures are not properly observed. Please encourage your student to really study the safety guidelines.

I have read the syllabus and understand the requirements for my student.
